

HUN PEACE SIGNERS IN VERSAILLES

COMPACT WILL BE SEALED THIS AFTERNOON

Germans Leave Berlin Secretly; Fear Attempt on Lives

BULLETIN PARIS, June 27.—(Hav. tary of the peace conference went to Versailles at 8:30 o'clock this evening to submit to the German delegates a letter from Premier Clemenceau, president of the peace congress, certifying that the treaty to be submitted to the Germans for signature Saturday conformed in all points to the text of the document submitted June 16.

VERSAILLES, June 27.—(By The Associated Press.)—Dr. Hermann Mueller and Dr. Bell, the German plenipotentiaries to sign the peace treaty, arrived in Versailles this evening.

Everything Ready for Signing. (By The Associated Press.)—Everything is in readiness for the signing Saturday afternoon by the Germans of the peace treaty framed by the entente and associated powers.

Dr. Herman Mueller foreign minister in the new German cabinet, and Dr. Bell, chief of the colonial office designated as Germany's signatories to the momentous document arrived in Versailles late Friday night in order to carry out the promise of the cabinet and the national assembly to seal the compact. That the Germans still are dissatisfied with the terms of the treaty is indicated by reports that Dr. Mueller and Dr. Bell left Berlin for Versailles secretly fearing attempts on their lives.

An eleventh hour discordant note has been struck by the Chinese delegates who announce that they will not affix their signatures to the treaty because China will not be allowed to make reservations concerning the province of Shantung. President Wilson is expected to sail homeward on the Steamer George Washington from Brest Sunday afternoon. Shortly after his arrival in the United States, it is said the President will make a tour of the country on behalf of the peace treaty and the league of nations covenant. Secretary of State Lansing will take the president's place in the peace councils.

The treaty will be completed without the aid of President Wilson. Some anxiety has been aroused in Paris by news of further German aggressions against Poland. The important city of Czenstochowa, 150 miles southwest of Warsaw, is reported as being under heavy attack by artillery.

Vienna advises say Austrian, German and Italian Communists have decided to attempt to raise the red flag of revolution in Italy about July 15.

Will Not Halt Work.

Paris, June 27.—(Havas).—The work of the peace conference will not be interrupted by the signing of the treaty with Germany, although President Wilson will leave Paris tomorrow night and Premier Lloyd George will return to London on Sunday. Foreign Secretary Balfour and Secretary of State Lansing will replace the British minister and President Wilson in the work yet to be done. The peace treaty with Austria probably will be taken up Monday.

TO CALL PERSONS OF NATIONAL PROMINENCE.

Jackson, Minn., June 27.—Men and women of national prominence are to be called by the defense at the conspiracy trial of A. C. Tofinley and Joseph Gilbert in district court here, to give their views regarding addresses which president of the National Non-Partisan League has delivered since the United States declared war on Germany.

The trial of the two men charged with having conspired to advocate sedition, got well under way today, with Townley present for the first time.

FORMER EMPEROR IN POOR HEALTH

Geneva, June 27.—(By The Associated Press.)—It is reported from Prussia, where former Emperor Charles of Austria is staying, that the health of the ex-ruler is causing anxiety. He has not left the house for a week and is being attended by a Swiss doctor. Former Empress Zita is acting as nurse for her husband.

CHINA WILL NOT SIGN PEACE PACT WITH GERMAN

Dear Hangs For Murder Of Chicagoan

CHICAGO, June 27.—Earl Dear, sentenced for the murder of Rudolph Wolfe, a chauffeur, was hanged early this morning at the county jail here.

Has Nothing to Say. Dear had nothing to say as he walked onto the scaffold. Shortly before he remarked to Rev. Williams, his spiritual adviser, that he was glad he was going and that the minister for the latter could do some good in the world.

Earl "The Immune," as Dear became known in police circles because of his ability to slip thru the legal nets that many times closed in on him, was a member of a notorious band of criminals that was finally rounded up after a sensational jail break here last year.

In the killing of Wolfe, Dear was accompanied by Eugene Hartnett, another notorious gangster, who was arrested at the same time and sentenced to fourteen years in prison, a sentence he is now serving. The two bandits had stepped into the car owned by Wolfe's employer and thrown the machine into action when Wolfe appeared.

He swung upon the running board as the car sped away and tried to stop them. Dear suddenly drew a revolver and fired at Wolfe's face. Wolfe fell dead.

The bandits then leaped from the car and fled in the opposite direction, but were captured a few blocks away.

Long Legal Battle. Dear was sentenced to be hanged. This sentence brought a long legal battle, and in a final attempt to have the sentence repealed, Dear appealed to the governor, who upon recommendation of the division of paroles and pardons, refused to take action.

Dear's criminal career dates back several years. In 1916 he was arrested three times for burglary and once for receiving stolen property, and was finally sentenced to a year in jail. He was released in September, 1917.

The following January he was arrested as a bank robber suspect, but his ability to break jail. That very night he was captured after the murder of Wolfe.

It was while confined in jail that Dear came in contact with other members of the gang, including Lloyd Bopp, who was hanged for murder, Frank McErlane, whose intrepid exploits were a long worry to the police, and "Big Joe" Moran, notorious for his ability to break jail.

The escape was planned to the finest detail and was successfully carried out. A nationwide search was begun. Finally the men were located here in Chicago, in a house in the fashionable north shore district. Police reserves were called and the place surrounded in anticipation of a long gun battle.

But to the amazement of the officers, the bandits, smiling, and with arms raised, walked calmly from the house and surrendered.

Moran and McErlane were sentenced to indeterminate terms for highway robbery.

QUESTION WILSON'S AUTHORITY TO REPEAL

WASHINGTON, June 27.—The question of whether the president would have the power to repeal war time prohibition by declaring mobilization complete was discussed in the house today by Representative Hoch, Republican of Kansas.

There seems to be a general belief," Mr. Hoch said, "that the president not only has the power to repeal the act but intends to do so. The liquor interests in many sections of the country are openly defying the law and are taking out licenses for the next fiscal year and newspapers devoting much space to the publication of stories forecasting a repeal."

Representative Barkley, Democrat of Kentucky, interrupted to remark that there was no foundation whatsoever for stories which said the president would repeal the act.

"They are simply rumors," he added. "I will venture to say that not a single person in the country knows what the president's intention in the matter is."

MOVE DISTURBS JAPANESE OFFICIALS

TOKIO, May 23.—(Correspondence of The Associated Press.)—Japanese authorities are somewhat disturbed over what looks like an organized effort to start a social movement of an extreme nature in this country. Several secret meetings have been held at which speakers have proclaimed radical doctrines.

Urgent instructions were sent to all German consular stations to start searches for the offenders and take strict measures for the prevention of the spread of "dangerous thought" among the army.

TRANSFER DRY ENFORCEMENT BILLS TO HOUSE

Committee Turns Whole Question Over

(By The Associated Press.) WASHINGTON, June 27.—The whole question of prohibition enforcement was transferred today from the judiciary committee to the house, without promise or assurance of speedy consideration.

Refuse to Split Bill. A general enforcement measure, embracing both war time and constitutional prohibition put together in such a way as to let one stand independently of the other was reported out by a vote of 17 to 2 after the committee had refused to split it into two separate and distinct parts. But this vote did not accurately represent the sentiment of the committee, some members of which will send in a minority report and insist upon the elimination of some of the drastic provisions.

Backed up by representatives from districts outwardly hostile to war time prohibition, the minority will attempt a flying wedge fight in the hope of so amending the war time enforcement bill as to permit the manufacture and sale of 2 percent beer. While the prohibition leaders claim to have sufficient votes to put the bill thru without substantial change, they conferred informally tonight to decide upon a plan of action, believing that there was no indication that the president before July 1, would issue a proclamation declaring demobilization and war time prohibition—ended.

To Put Up Desperate Battle. Anti-prohibition forces in the house counted heads today and agreed to put up a desperate battle for wholesale modification of severe sections. There was wide difference of opinion among members tonight as to how soon the fight might begin. After the bill was formally reported out late today Chairman Volstead announced that he would ask for a rule giving it the right of way but strong opposition developed. The general view was that the bill would not be called up in the house until July 7 at the earliest, and how long the fight would last, no one would venture a prediction. There was little disagreement however, on the bill's ultimate passage for the house is counted "dry" by a big margin.

Some of the prohibition members pointed out that there was no great division except on the definition of intoxicating liquor and while they expected a strong effort to raise the percentage from one half of one percent they expressed every confidence that in this respect the bill would be passed as drawn by the committee and as endorsed by all of the anti-liquor organizations. The real battle will be for 2 percent beer.

Refusal of the house majority leaders to give the bill a special rule for immediate consideration was due, they explained, to the failure of the committee to send in a war time prohibition enforcement bill by itself.

May Try to Separate Measures. It is not at all unlikely that an effort will be made to separate bodily the wartime and constitutional measures, described by some members as "the Siamese Twins of Prohibition legislation," and endeavor to pass the former measure for which there is pressing demand and let the other wait. Even as the joint measure stands it contains one part or title which would take effect after its approval and two that would not become effective until January 16, 1920.

Chairman Volstead will send his report on the enforcement bill to the house tomorrow but the minority report may not be set in quite so early. The latter will be signed by Representatives Gard, Ohio; Igou, Missouri and Steel, Pennsylvania, all Democrats, Dyer, Republican, Missouri and possibly others.

Both advocates and opponents of drastic prohibition laws said sentiment in the house would be swayed to a considerable extent by the attitude of the public and particularly liquor dealers in the period beginning next Tuesday.

Reports that saloons would remain open for the sale of 2 percent beer brought renewed warning of the penalties now existing, with out additional legislation and out.

Conferees Fix Give Naval Size Of 1920 Fliers Official Army at 325,000 Welcome Home

(By The Associated Press.) WASHINGTON, June 27.—Senate and house conferees on the army appropriation bill late today reached an agreement to fix the average size of the 1920 army at 325,000 officers and men. This total is 75,000 less than that proposed by the senate and 25,000 more than the strength authorized originally by the house.

The agreement, reached after the members of the conference committee had talked with General March chief of staff, means that for the last nine months of the year ending June 30, 1920, the army will be composed of 225,000 officers and men, made necessary by the surplus above 325,000 during the next three months. In announcing that 325,000 was the figure agreed upon, Chairman Wadsworth of the senate military committee said that it was the lowest number that could be named and still keep the army within the limits prescribed by the national defense act which required the maintenance of an army of 225,000.

With the size of the army disposed of, the conferees made rapid progress in considering the bill today but another meeting will be held tomorrow at which the appropriations for aviation, ordnance and other remaining items will be considered.

Efforts of the house conferees to reduce increased senate appropriations in part were successful. The senate appropriation of \$15,000,000 for barracks and quarters being cut in half while that of \$3,500,000 for the signal corps was reduced to \$2,250,000.

The senate appropriation of \$130,000 for the military intelligence branch was reduced to \$400,000.

Senate amendments fixing the salary of C. W. Hare, director of sales and in charge of disposing of surplus war materials, at \$12,000 a year and the senate appropriation of \$140,000 for the Washington-Alaskan military cable were accepted by the house managers. The house provision to make Fort Sill, Okla., a small arms school, but eliminated by the senate, was restored by the conferees.

There is only one thing I regret regarding the entire affair and that was that the undertaking was not a complete success in that all three planes instead of the one did not complete the journey."

The pier where the Zeppelin docked was a mass of flags and bunting. As the Zeppelin steamed into view thru the mist escorted by a score of small naval craft, whistles blended into a deafening roar of welcome. On one of the navy boats were the wives and other relatives of the aviators who greeted the ship as she entered the harbor.

BRING BISHOP'S NAME IN RECORDS

NEW YORK, June 27.—The name of Bishop William Montgomery Brown for twelve years Protestant Episcopal Bishop of Arkansas and the author of several books on the clerical subjects was brought into the records of the joint executive council investigating radical activities in this state, when a letter taken from the files of the correspondence department of the Rand school of Social Science was introduced as evidence late today.

The letter, signed "A Waggonet" and addressed to Prof. Scott Nearing stated that the writer had arranged for Nearing to visit Bishop Brown at Gallion, Ohio, but that the interview had been prevented by Nearing's trial on a charge of sedition.

"I have a letter from Comrade Brown," said the "Waggonet" letter read into the record, "and he wishes to know if you would give him an opportunity to speak at the Rand school or in a hall. Comrade Brown is sixty-three years old and it will be necessary to have a small hall or he cannot make himself heard. When I tell you that Comrade Brown is a Bolshevik I think there will be no trouble in arranging a meeting for him."

The answer to this letter stated that "Comrade Nearing" would be glad to make arrangements for the meeting.

HOLD UP MINE OFFICES; ESCAPE WITH \$41,000

Bandits Wound Three Employees — One Robber Killed

(By The Associated Press.) BENTON, Ill., June 27.—The four survivors of the five bandits who today robbed the Middlefork Mine of \$42,000 after wounding three employees tonight were captured in a wood between West Frankfort and here by a posse of 300 persons, after exchanging approximately 500 shots with their pursuers. All bandits were wounded slightly and only surrendered after they had run out of ammunition.

The money was not found and a search is being made for it. The bandits refused to give their names.

BENTON, Ill., June 27.—Five robbers held up the offices of the Middlefork Mine two miles east of here this afternoon and after wounding three employees of the company escaped with \$41,000. One of the bandits was shot and killed as he ran from the offices. His companions carried the body to a waiting automobile and made their escape.

The money was in currency and gold and had been drawn at a Benton bank for the regular semi-monthly pay day today.

John Dalen, William Devillibus and an Italian who were assisting Paymaster William Roberts make up pay envelopes were wounded by shots from the bandits.

Dashing for the moving automobile the bandit carrying the sack of money slipped and Devillibus, altho wounded picked up a rifle and shot off the top of his head.

The automobile returned and picked up the dead bandit and the money. Late this afternoon the body was found in a ravine near West Frankfort. The car had been abandoned nearby. The bandit appeared to be about 19 years old. No one was able to identify him.

A posse of 200 men pursued the bandits and exchanged pistol shots with them at Logan east of here.

Four of the robbers entered the mine office, two miles east of here and immediately began firing sawed-off shotguns wounding the three employees who fell to the floor. The fifth robber remained in the automobile and as soon as the quartet emerged from the office he started the machine. The men had been seen loitering around the mine all morning.

The majority of telephone wires leading out of Benton had been cut by the bandits.

The mine is owned by the United States Steel Corporation and employs 600 men.

Brundage Holds Bill Violates Constitution

(By The Associated Press.) SPRINGFIELD, Ill., June 27.—Attorney General Brundage in an opinion directed to Governor Lowden today holds violative of both state and federal constitutions the bill passed by the legislature which would permit farmers, dairymen and kindred industries to combine for the purpose of making sales.

The measure, which awaits action by Governor Lowden was sent out by the senate agriculture committee and went thru the house in the last hours of the session. The fact of attacks by Minority Leader Igou who said it was intended to immunize Cook county milk dealers indicted on charges of conspiracy.

Invalidity of the bill, according to the attorney general's opinion, is due to the fact that the measure is class legislation exempting certain concerns from the provisions of the state conspiracy act. It would apply to farmers, gardeners, dairymen or fruit growers and would permit these classifications to make collective sales or to market for their members or shareholders.

Another bill sponsored by Senator Sadler, to legalize the issuance of permits to carry concealed weapons, was declared unsound by the attorney general's office today. Governor Lowden returned his thought after a three days speaking tour which took him into Iowa. He will tackle a large batch of bills awaiting executive action tomorrow and a number of persons interested in various measures are expected to be in the city for hearings.

Among the bills attracting chief interest is the ten round boxing bill which the attorney general has said is in correct form and accordingly the announcement of the Chinese delegation was not surprising to officials here. Until very recently, however, it was considered here as possible that China might sign the treaty in view of private assurances said to have been given her representatives that Japan's tenure of Shantung would not be long. China, it also had been believed, probably would assent to the treaty and leave the Shantung question to be worked out by the league of nations.

The China decision was believed here to be based on the following:

First, the delegation was unable to obtain definitely expressed assurance that Japan would give up the Shantung province within a short specified time and that the Japanese tenure would not be permitted to run for the remainder of the ninety-nine year period under which Germany held the territory and.

Second, that definite assurances were lacking that Japan would relinquish control of the railroad from Tsing Tao to Tsin Anfu, including all facilities and mining rights and privileges of exploitation of the Tsing Tao-Shanghai-Chiefao cables, and of facilities at the port of Kiao Chao.

Failure of China to sign the treaty, officials explained probably will exclude her from the league of nations including certain right of redress under that covenant as well as work to her detriment in the resumption of trade.

THE HOTEL PROJECT.
There is in Jacksonville a great deal of "beneath the surface" interest in a hotel proposition. In number of other cities of about the same size as Jacksonville modern hotel buildings have been erected within the past two or three years. Providing funds for such business enterprises has become a matter of special financing and there are many concerns that little other business than private hotel companies and make necessary loans.
With all respect to the owners of local hotel properties, a modern, spacious hotel building is one of the greatest needs of Jacksonville. This is especially true when one thinks about the increase in travel to come with better road conditions. As it is now, it is a common thing for travelers to be so crowded that late arrivals must be given hallway accommodations or sent to private homes.
SHORTER HOURS BUT JUST AS MUCH BUSINESS.
Since July 1 comes on Friday, there is a movement in larger stores to close up business both Friday and Saturday and thus give employees the advantage of a three day rest period, including Sunday. The movement is meeting with such popular response that the banks in the larger cities will remain closed from the 1st of July 3 to the morning of Monday, July 7.
The ideas of business men on holiday closing proposition have changed greatly in a few years' time. It used to be the right that the greater number of hours a store was open the larger the volume of business. Now the more sensible is prevalent that the volume business—that is, in most lines unchanged and when the stores are open they will get just as much business in the shorter

number of hours as would be true if they kept open night and day.
July 1 has been proclaimed as national buttermilk day and the government department goes on to explain what an invigorating and sparkling drink buttermilk is. There is the further explanation that the day has been set apart partially for the purpose of boosting the dairy interests of the country.
Perhaps it is a mere coincidence that "buttermilk day" is July 1 the date otherwise memorable for the demise of John Barleycorn.
Henry Ford has asked for a government auditor to check over the books of his company to find the profits he made on war contracts, so that the amount can be returned to the government. If all the Americans who became millionaires thru war time business were to emulate Mr. Ford's example, there would be a big slump in the amount of money that the government must raise thru special revenue measures. But unfortunately for the plain citizen, Mr. Ford's plan is not likely to become widely popular.
Postmaster General Burleson claims for his department a profit of \$17,000,000 for the last fiscal year. These figures sound well but remember that the \$17,000,000 came from the purses of postal patrons, and the department was not intended as a revenue adjunct of the government.
A STRONGER MILITIA
Illinoisans who are pointing with pride to the fact that Col. Sanborn, Col. Riley, Col. Davis and others of equal prominence during the war period are to assist in the reorganization of the Illinois National Guard have reason for complacency. With such leadership there is no question but that the state militia will take on a forcefulness even greater than that in the pre-war period. The interest of these seasoned veterans will inspire many men who saw service overseas to enlist now in the militia organization. And the very existence of such a state military force will go a long way toward making peaceful conditions.
Generosity of spirit demands that Morgan county people be glad that some other localities are getting hard roads this year, even if none has fallen to the lot of this county. Among the awards made this week was for the hard road extending south forty miles from Springfield to Carlinville. After all, it is not surprising some little partiality is shown to the

capital of the state, and we can console ourselves with the thought that all Illinoisans have some interest in state capital affairs.
Rippling Rhymes

The Fighters.
Now Willard's in his training camp, acquiring skill and vim, to put a ring 'round Dempsey's lamp or rend him limb from limb. It seems to me no shameful waste of time and beef and brawn, for scrapping's in atrocious taste, since Ludendorff is gone. This Willard should have finer aims, a nobler path should tread; for there are more uplifting games than punching Dempsey's head. And Dempsey might be teaching school, or running a hotel; for people say he is no fool; his head's upholstered well. I'd rather earn twelve bones a week, as salesman in a stor, than have some fellows split my cheek and draw a lot of gore, even though I drew a mighty check for letting another guy wind tentacles around my neck, and paste me in the eye. I'd like Jack better if he wrought with all the toiling throng; for punching Willard's dome of thought won't help the world along. Oh, Jack may send in giant blows, and gain the victor's wreath; or Jess may ruin Dempsey's nose and drive in all his teeth; and sports may talk for many years about the biffs they'll give; but that won't make this vale of tears, a better place to live. We brighten up no mundane place by pugilistic trend; and pushing in the human face achieves no worthy end.

MEREDOSIA MAN COMMITS SUICIDE
Charles Rewitz Takes Life After Being Placed Under Arrest—Coroner Rose Held Inquest.
Charles Rewitz committed suicide in the village prison in Meredosia Friday afternoon by drinking carbolic acid. Rewitz had been placed under arrest by Town Marshal Winningham on a statutory charge.
After being placed under arrest Rewitz asked to be taken to the bank where he endeavored to get J. E. Hall to go on his bond. Mr. Hall would not do so. On the way to the bank he asked permission to stop in the drug store to get some medicine. This was granted and it was then he purchased the acid.
Upon reaching the prison Rewitz went into the cell and sat down on the cot and asked Marshal Winningham to get him some water. While Winningham was gone Rewitz took the acid. Winningham as soon as he returned saw something was wrong and summoned T. W. Burdick and William Hyatt. Mr. Burdick called the Doctors Neville and in the meantime the druggist J. L. Luscher came to the prison to get back the carbolic acid as he had just found that Rewitz was under arrest when he purchased the poison.
The men worked over but to no avail, death resulting about fifteen minutes after he took the acid. Coroner Rose was notified and went to Meredosia by automobile.
He summoned the following jury: G. M. Steinburg, foreman, Louis F. Berger clerk, Louis H. Yost, J. D. McLean, William Hauser, William Hope.
The jury heard the testimony of T. W. Burdick, William Hyatt, Charles Winningham and J. L. Luscher the jury returned a verdict that the deceased came to his death by taking carbolic acid with suicidal intent.

ONLY 24 YEARS OLD, LOOKED 35
Mrs. A. B. F. Mrazak, Adelaide Apts., 3551 Victor St., St. Louis, Mo., says she wants every woman in Jacksonville to know of her wonderful experience and will be glad to have them write her a personal letter which she will immediately answer telling how, after suffering several years from gallstones, female troubles and the general run-down condition that is to be found in ailments of this character, she finally obtained relief by using SYSTM. Mrs. Mrazak writes:
"I did not take SYSTM as directed on the bottle. My physician prescribed it to be taken: a teaspoonful before meals and before retiring. A medicine to be followed by a glass of cold water. "Every woman should continually keep a bottle of SYSTM, the Liquid Regulator in her home. She will be well repaid by the comfort secured each thirty days in the year. A short treatment of SYSTM will make any woman feel ten years longer, as was proven in my case."
SYSTM may be obtained at the Luly-Davis Drug Company. Money cheerfully refunded if you are not satisfied.

REHEARING DENIED
About two months since the supreme court of Wisconsin handed down an opinion in the Galley will case, finding in favor of Mrs. Ben Galley. Suit had been brought originally by Eugene Galley et al., directed against Edward W. Brown as administrator, purposing to have the estate divided in accordance with the will made prior to the second marriage of the deceased. Subsequent to the supreme court finding a petition for a rehearing was filed and information has just come to Jacksonville that the court has denied this petition.
UNITY PRESBYTERIAN CHURCH WOODSON
Sunday will be especially observed in Unity Presbyterian church at Woodson with the celebration of the Lord's Supper and infant baptism.

Social Events
Two Surprises for Miss Myrtle Sheppard.
Two very pleasant social affairs took place Thursday evening at Nichols park, in honor of Miss Myrtle Sheppard, who will leave early next month for Los Angeles, Cal. She had been invited by a number of young women friends to join them in a picnic supper at the park, and soon after the tempting array of eatables had been served and enjoyed, there came a message that Miss Sheppard's presence was desired across the lake. Upon complying with the request the young woman was most agreeably surprised to find there a large company of her fellow workers at Centenary Sunday school.
Miss Sheppard has for several years served as pianist at the Centenary Sunday school, and has also taught a class of young men. She was therefore a little surprised at first that she had not been invited to the picnic, but later A. C. Metcalf, the superintendent of the Sunday School, explained that the gathering was especially arranged in her honor. Mr. Metcalf expressed the regret that the school felt in losing the services of one so faithful, and in behalf of the teachers of the Sunday school presented her with a handsome necklace and locket. Miss Sheppard was deeply touched by this expression of esteem and expressed in fitting words her gratitude for the token of friendship so unexpectedly bestowed.
Unity Workers of Woodson Church Met.
The Unity Workers of Woodson Presbyterian church were entertained Thursday at the country home of Mrs. J. W. Hoagland. At the noon hour a bountiful dinner was served to about sixty members, neighbors and friends. The young women who served were Misses Della Adams, Nora Filkin, Pearl Adams, Helen Dowling, Esther Cunningham, Ruth Darwent, Ruth Staff, Margaret Steinmetz. In the afternoon a brief program was carried out as follows:
Song, "What a Friend We Have in Jesus"—Society.
Scripture lesson, 23d Psalm—Repeated by members.
Prayer—Rev. A. E. Powell.
Solo—Mrs. A. E. Powell.
Piano duet—Mrs. Glasgow and Mrs. Hoagland.
Reading—Rev. Mr. Powell.
Piano selections—Miss Darwent.
Song, "Blest Be the Tie"—Company.
Following the program a social time was enjoyed and a vote of thanks was accorded to the May and June committee for their faithful services in a financial way.
Gave Lawn Party For Mr. and Mrs. Goodrick.
Mr. and Mrs. Frank Irving entertained a company of twenty guests at a lawn party Friday in honor of Mr. and Mrs. Al Goodrick of Chicago. At 6:30 o'clock an elaborate supper was served on the lawn by Misses Ruth and Margaret Irving. A musical program was carried out. A pleasing feature was the fact that Miss Sue Ellis who lives at the Irving home and who has been an invalid for five years was carried to the yard and was one of the guests, entering heartily into the spirit of the occasion.
Gave Children's Party.
Mrs. Carl York of Sandusky street entertained a company of sixteen children Friday afternoon in honor of the twelfth birthday of her daughter, Dorothy Louise. The hours were very happily spent by the children, as generous arrangements had been provided for their entertainment. There were games in variety and the excellent refreshments served added not a little to the success of the event. The young lady received a number of pretty gifts in honor of the anniversary.

Y. M. C. A. BOYS CAMP

Y. M. C. A. Camp Havana, June 26. The letter yesterday closed just as we were starting on the fishing expedition. We went across the lake to the slough and caught a good string of fish, and also gave the camp fire girls enough for supper.

After dinner we took a sight-seeing trip across the lake. We had four boats in our party and had a dandy trip. Some of the fellows are sunburned and tanned. After the sight-seeing trip we enjoyed a good swim and the Watch-akee camp fire girls ducked Harry Walker (but he didn't care.) In the evening at 8 o'clock we had our annual stunt night and we had about 100 visitors; all three groups of camp, fire girls and the guests at Wildwood and a good many people from the hotel cottages. The following was the program:

Tight wire walkers—Earl Tilton, Russell Cumming. The proposal—Bud Boruff, Bud Young. Mock wedding—Peck Irving, Alfred Capps, Wm. McCarty. Shaking the shimmy—Robert Conover. Sliding hand performer—Robert LaRue.

Following the above program the three groups of camp fire girls put on a program and at 10 o'clock all went home, saying they were glad they came and would come back again. The boys went to bed and slept pretty well.

Thursday A. M.
All out. Breakfast is ready. After breakfast we had a flag raising and we have just returned from a fishing trip. Clarence Souza now has the fish prize. He caught a big carp this morning and broke his fishing pole in three pieces.

The judges' report for stunt night is as follows: Robert Conover won the box of candy for the best stunt. The candy was donated by W. S. Ehnie & Bro. The judges were Mrs. Buckthorpe, Mrs. Hailgrove and Mrs. Frisch. We are going bathing now so will not write any more this time. (To be continued.)

AUTO PLUNGES INTO RIVER, TWO DROWN

CHICAGO, June 27.—Edith Olewine, 20 years old, daughter of the publisher of the Printers' News, and Henry Bohnenkamp, 21 were drowned early today when an automobile plunged into the north branch of the Chicago river near the Diversy avenue bridge. Raymon Holtz, 23 son of

a wealthy broker, and Marley Halverson, 19, escaped from the water.

The automobile was owned by Holtz' father. Bohnenkamp was driving and either became confused or mistook the direction of the curved approach to the bridge. The machine bumped over the curbing, skidded, capsized and rolled into the water.

Holtz explained that the party originally contained two other girls, all six young people being employees of the Chicago Trust and Saving bank. A dinner at a downtown hotel was followed by rides to several cafes in outlying sections of the city. The other girls were then taken home and the party was headed for Miss Olewine's home when the tragedy occurred.

THE ROTARY CLUB.

Rev. M. L. Pontius made the address at the weekly luncheon of the Rotary club at the Pacific hotel Friday. There was an unusually large attendance of club members and O. F. Conklin was one of the guests present. President H. M. Capps indicated that the members were expecting a very interesting message from Mr. Pontius who had just returned from the international convention of Rotary at Salt Lake, and certainly every expectation was met. Mr. Pontius spoke in an informal way but with a particular effectiveness which impressed the Rotarians anew with the lofty purposes and ideals of the organization.

After attending the international Rotarian convention with 4,000 delegates present representing 356 of the 412 clubs in existence, Mr. Pontius said he was firmly of the opinion that Rotary in the next five years will either become a most potent force for the betterment of mankind or else it will go out of existence.

As the speaker defined it the Rotary movement is a fraternity without grips, signs or secrets; a civic movement without politics or politicians; a religion without creed. Altogether Mr. Pontius gave his hearers yesterday a vision of high ideals and there was no one in the company of men present who did not feel the inspiration of his words.

Yes ma'm! I'm through with this old "sad" way of ironing!

The last place I worked they wanted me to stand out by a hot stove and carry "irons" back and forth all day — said that's what they paid me for. Indeed they didn't pay me for that—not when I had been using an electric iron at home for 'most two years.

I quit!

Like an electric iron? Indeed I do! Didn't I say I bought one myself?

HUNS PLANNED TO REJECT TREATY

BERLIN, Thursday, June 26. (By The Associated Press.)—The German government headed by Philipp Scheidemann had planned to refuse to sign the peace treaty and to permit the allied troops to march into Germany as far as the Elbe, where it would be attacked by strong German forces. The Danzig correspondent of the Tageblatt declares in a despatch describing the details of a secret plan to create a separate state in Northeastern Germany. The plan failed because of jealousies and differences of opinion between the government and the army leaders.

(A report from Geneva Thursday night said Herr Scheidemann had arrived in Switzerland after crossing frontier on foot.) The last proposal made by the conspirators planning to oppose the treaty it is said was to ask Poland to combine with eastern Germany in the formation of an independent republic. The offer it is declared was rebuffed by the Poles, who asked why it had not been offered ten years ago.

WOULD TEST WAR TIME PROHIBITION

ST. LOUIS, June 27.—John P. Pensa, president of the St. Louis Retail Liquors' association today he had advised the 600 members of the association to continue sale of liquors after July 1 in an effort to test war-time prohibition. Yesterday's decision of the U. S. court of appeals in New York, he said, would have no effect on local saloon keepers, as they expect only a few arrests will be made as a basis for test cases.

Mrs. Earl Busby and two daughters of Santa Barbara, Calif., are visiting at the home of Mrs. Busby's parents, Mr. and Mrs. J. J. Quinlan.

James M. Doyle and men returned from Hillview where they went to change an electric motor in the grain elevator.

POSITIONS AWAIT MOST SOLDIERS

NEW YORK, June 27.—Seventy per cent of the soldiers discharged since the armistice, have positions awaiting them. Col. Arthur Woods, assistant to the secretary of war who is in charge of obtaining employment for discharged service men, announced today.

"Enlisted men are being discharged at rate of from 60,000 to 70,000 a week," Colonel Woods added. The principal centers of unemployment are New York, Chicago, Pittsburgh, St. Louis and Boston.

Colonel Woods again emphasized that one of the difficulties is the unusual demand among discharged service men for clerical work, and the reluctance of the average man to work on a farm.

PERMITS POLAND TO USE ITS ARMY

PARIS, Thursday, June 26.—(By The Associated Press.)—The council of four has granted Poland permission to use General Haller's army or any of its other troops in restoring quiet to eastern Galicia and driving outlaws from the country.

SETTLE LONG DRAWN OUT FIGHT

MORRIS, Ill., June 27.—The long drawn out fight between agents of the Lord Scully estate and tenants on some eight thousand acres of Grundy county land was settled today when representatives of both sides agreed upon \$8 an acre as the rental. The estate had sought \$10 an acre and the tenants had offered \$6.

It was further agreed that improvements made by tenants must be purchased by the Scully estate of England by July 15, or the tenants will be permitted to make any disposition they see fit. Hereafter tenants may borrow money from the estate at five per cent interest instead of the seven per cent rate previously charged.

RECOVER WOMAN'S BODY FROM LAKE

CHICAGO, June 27.—A body believed to be that of Mrs. Dollie Chester, of McLean, Ill., the trained nurse who disappeared from the home of Clarence F. Parker, retired vice-president of the Illinois Central on Feb. 6, was recovered from Lake Michigan today. Identifying marks on the body and uniform corresponded minutely with those of the missing woman, and her mother was asked to come from McLean to assist in the identification.

When Mrs. Chester disappeared she had left the Parker home for a brief walk accompanied by a small pet dog.

The animal was found near the lake a few days later. There were rumors of an elopement and several persons told the police of having seen a woman of her description on a street car accompanied by an army officer.

The suicide theory was scouted by her employers and family and the police finally decided she probably fell into the lake. This explanation was recalled today as the body bore no indications of violence.

From County Agents Office

Damage from the Army Worm The damage from the army worm is practically over in all central Illinois counties, due to the fact that the worms are becoming full grown and to the attack of parasites. While there will be 2 more broods of this insect this season it is unlikely that further damage will occur. As, in all cases, of which we have any record, the parasites have controlled the late brood when the first brood has been abundant.

If the poison bran mash is scattered evenly at the rate of not over 10 pounds to the acre there is no danger of poisoning the stock, if the pasture is used the next day. McLean County Leads.

McLean county now has the largest paid Farm Bureau membership of any county in the United States. Of the 4500 farmers in the county the organizers for the state agricultural association have secured about 2500 as local farm bureau members as well as members of the state association. This furnishes a fund for the state association that will pay the salary of D. O. Thompson, the secretary, who was formerly the county adviser in McLean county.

Phosphate. The outlook is poor for a large output of rock phosphate in the Tennessee field. There seems to be a disposition to produce this product just fast enough to enable them to keep up the price. If Illinois farmers are to use large quantities of this product they must co-operate with the Illinois Agricultural Association and get control of their own field of phosphate.

Limestone. An inquiry amongst the farm advisers at Champaign revealed the fact that many counties have already ordered their supply of limestone. Some counties have ordered over 150 cars. There is some advantage in ordering this product early and those counties are taking advantage of it.

New York, June 27—That
speculative interests are almost
wholly dependent on the move-

illustrated today the stock mar-
ket rallying very generally and
trading perceptibly as the rates
for call funds relaxed.

The opening for loans was 5 to
5 1/2 per cent, those quotations be-
ing the lowest initial rates of the
week and the more significant as
all loans made today holdover
until the coming week.

Chandler Motors added an ex-
traordinary gain of thirteen points to
yesterday's advance of 23. General
Automobiles rising 5, Studebaker 4
and other motors and kindred
shares 1 to 3 points.

Among steels, equipments,

ENTERTAINMENT AT NORTHMINSTER

Songs, Recitations and Addresses
By Carl Weber and George Vasconcellos.

A very pleasing program was rendered at Northminster church last evening with a variety of songs and recitations were all good. The number by Wilhelmina Speth was especially interesting from the fact that the little miss is but three years old. Some of the other performers were quite young but all did admirably. The following was the first part of the program:

"America"—By the audience.
Prayer—Rev. Mr. Morris.
Piano solo—Mrs. Charles Pires.

Recitation—Virginia Masters.
Song—Patricia Speth.
Piano solo—Vivian Vieira.
Vocal solo—Eunice Harley.
Vocal solo—Wilhelmina Speth.

Piano solo—Margaret Baptist.
Piano solo—Lucille Mendonsa.
Song—Miss Esther Spoon.
Piano solo—Patricia Speth.
Mrs. Charles Pires as soloist and accompanist did admirably.

Souvenirs Shown.
Rev. W. E. Spotts having been called out of the city, Sergt. Carl Weber kindly took his place. He first exhibited a number of souvenirs. Mr. Spotts had brought home and explained their use. He said the British might say the tanks won the war, and others various things but the French would say the 75's which were three men guns throwing a wicked shell containing 64 bullets and when it exploded it was disastrous. He showed a specimen of the empty shell and remarked that the German ammunition varied slightly so that it could not be used if captured.

It was loaded with TNT and did deadly work. Then the heavy batteries to tear away the wires made an impregnable defense around the enemy's lines were effective. These guns the French shot 22 times a minute, but the Americans shot them 24 times a minute. Then there were the 37's, about an inch in diameter, which could do good work. He showed a belt of cartridges for the rapid firing guns sending out 600 shots a minute.

He showed a bayonet, something a German especially hated to face; a huge knife used to cut down wires, cut firewood and do a variety of things; a German shovel, not very large, used in digging trenches; some interesting pictures and coins of different countries.

Life in the Army.
Sergeant George Vasconcellos made a very interesting talk of army life and activities. He first showed a number of maps, very choice and probably not to be duplicated in the State. They showed the positions of the enemy and added in making the attack. He explained the order of battle the advance of the infantry and the artillery following. He told how the troops went to the attack American boys never fell back except to a better position.

He told of the trip across; the anxious watch for submarines and sense of relief when they arrived safely. He narrated their experience digging trenches and said when they went into the earth they brought to light relics of the occupation by Caesar. He also showed some emblems, one of which was a German bayonet with toothed edges which made a fearful and savage wound and was barred by the rules of civilized warfare.

He showed a gas mask, put it on and demonstrated its use. In answer to a question he explained,

the varieties of gases used by the Germans in their diabolical warfare. He had known what it was to go without sleep for 72 hours when at the front and yet it was all borne uncomplainingly.

Worked in Darkness.
Most of the work was done at night when they couldn't be seen by the enemy. The Germans never paid any attention to the rules of humane warfare bombing hospitals, relief stations, wounded men or anything else they could get in range.

Sometimes they slept on wires; sometimes in the mud, often without blankets and any way they could manage.

When they took German prisoners they first took from them all weapons and then gave them stretchers and made them carry wounded men to the first relief station.

This is but a small part of the interesting things told by the two brave young men who went out for the salvation of their country and they were heard with much interest.

COMMUNITY COUNCIL NOTES

"The Community Council movement," says Mr. Albert, "is an attempt to preserve for peace time uses the wonderful co-operation which was developed during the war. A Community Council is really a neighborhood partnership—a coming-together of representatives from every organized group in a town, and of public spirited citizens, men and women not connected with any group."

"Cooperation between so many powers for good means new life to a community. Our Illinois the lead of many other of our states, and act to create community councils before the war spirit of co-operation has died down." towns are being quick to follow.

PROGRESSIVE ROODHOUSE

The Chicago & Alton railroad needs a great deal of ice for its passenger trains and to that end a company has been formed for the erection of a \$150,000 ice plant. The company sent word that they must have pure water and the water in the lake would not do. Whereupon Louisiana got busy and offered a large bonus to the company, thru a move to take away the shops from Roodhouse and make Louisiana a terminal. Then Roodhouse in turn got busy and found a few miles out from the city a spring of pure water. Just the thing wanted, and they are now raising \$50,000 for the piping of the water to the ice plant. They naturally want Roodhouse to continue a division point on the Alton.

GREAT MASS OF HUMANITY UNSAVED

Evangelist Mitchell Says That Great Mass of Humanity is Not Being Reached for Christ—Sermon Subject "If Christ Should Come to Jacksonville."

"If Christ Should Come to Jacksonville," was Evangelist Mitchell's theme at the revival meetings at the big tent on South Main street last night.

Suppose, said the evangelist, you should receive a message tomorrow morning that President Wilson was coming to Jacksonville and would be at your home for dinner. What preparations you would make! How the people would throng to the railroad station, and on the streets where he was to pass, and what arrangements you would make for his entertainment. And you would arrange for him to speak, and every one who could possibly do so, whether Democrats or Republicans, would crowd to hear him.

But suppose you should receive a message that Jesus was coming and would dine with you, would you be as pleased? Would there not be many things about your home you would not like Him to see? And would not many of you feel that you would just a little rather He were not coming?

The great mass of humanity is not being reached for Christ, in spite of our churches. There are hundreds of church members in Jacksonville as everywhere else, who are not turning a hand over to save the unsaved. The same spirit that cries "Give us Babylon and crucify Jesus" is still in the hearts of millions of people. They want wickedness and would slay purity.

Dr. Chapman, the evangelist, was on a railroad train and the engineer came and said, "Doctor, I want to accept Christ." And he did accept Him. As Dr. Chapman left the train the engineer said to him, "Dr. Chapman, I have made trips with President McKinley on board, with Roosevelt, Bryan and other prominent men, but this is the first trip I ever made with Jesus Christ on board." Unsaved men, take Him into your heart tonight.

Preceding the sermon, Mr. Shimer sang most effectively, "Christ Crowded Out."

There will be no prayer meetings this morning, but there will be a meeting for children at 2:30 p. m., and the regular service at 8 p. m. It will be "Farmers' Night," and all farmers are especially invited.

On Sunday there will be Sunday school at 9:30 a. m., and at 11 a. m. Evangelist Mitchell will preach. This service will be followed by a basket dinner, and all who can are urged to bring their dinners.

At 2:30 p. m. Evangelist Mitchell will deliver a popular lecture, and there will be revival services at 8 p. m.

REISCH BREWING COMPANY QUIT

Thursday the Reisch Brewing Company, one of the oldest breweries in the United States settled its accounts with J. L. Pickering, collector of Internal Revenue, and closed its doors as a brewery.

The brewery was established in 1849 by Frank Reisch, father of George Reisch, Sr., present head of the corporation. The brewery has grown to be one of the largest in the state outside of Chicago.

In addition to the brewery the Reisch Company owns many desirable business properties in Springfield. Among others is the Illinois Hotel property and the Reisch store and office building on West side of the square. The company also owns several properties here, among them the Hotel Douglas and Modern Garage property.

According to Mr. Reisch all of the beer in stock has been disposed of and no plans have been made for the future. It is not likely that the plant will be re-opened for the manufacture of soft drinks or some other business.

HAROLD BARTLETT IS AGAIN IN THE CITY

Local Man Returns After Twenty Months of Service in Overseas Army—Wears Two Gold Wound Stripes—Was Reported By Government as "Killed in Action."

After more than twenty months of overseas service with the U. S. marines, Harold H. Bartlett has returned to Jacksonville and is now at the home of his father, William Bartlett. He landed in New York on June 17, having sailed from Marseilles May 29. The trip was a long and tedious one as a stop of eight days was made at Gibraltar.

This Jacksonville soldier had the unusual experience of being reported by the government among the "Killed in Action" in July, 1918 and in this city on August 11 a memorial service was held in his honor. A number of weeks later came the information that the young marine was not dead but had been wounded and was in a French hospital.

Following his enlistment in April 1917, young Bartlett was sent to Quantico, Va., from which point he sailed for France, landing Oct. 5, 1917. After several months of training the marines were sent to the Lorraine sector for a further training period. Later they had part in the famous Chateau Thierry and Belleau Wood offensives, and on July 3 were sent back of the lines for a rest period.

At Soissons.

At the beginning of the gigantic allied offensive at Soissons young Bartlett's detachment was sent to that point, and had part in the famous attack of July 18-19. It was in this engagement that the Jacksonville man was wounded, and spent some months at the hospital at Pontandemer, in northern France. It was as a result of this wound that the official notice of his death was issued. It was on October 2 that Bartlett returned to duty and was sent to the Champagne sector, and remained here for seven days. Then came orders to march thirty five miles and when the designated point was reached they were ordered to return to the starting point.

Some time later the detachment was ordered to the Argonne sector and it was here on November 1 that young Bartlett was again wounded and remained in a French hospital until the latter part of January.

The young man returns in the best of health and spirits and is being cordially welcomed by his many friends in the city. He feels a pardonable pride in being able to wear the three gold chevrons on his left arm and the two gold wound stripes on the right, and declares that while his army experiences were hard in many respects, yet he is glad he had a part in the great conflict.

YOUNG WOMAN MET WITH PAINFUL ACCIDENT

Miss Eva Mason, a student at Brown's Business college, met with a very painful accident recently while returning to her home north of the city. She was driving a spirited horse which was made nervous by the approach of a storm and suddenly meeting an auto, the horse whirled about and overturned the buggy, throwing Miss Mason directly in front of the machine. Fortunately the auto was being driven at a moderate speed and was stopped quickly enough to prevent a serious accident. The occupants of the car offered their assistance but as Miss Mason did not want to alarm her parents she showed her courage by driving her horse home.

It was not until a physician had been called that the extent of her injuries was determined. It was found that in addition to bruises, one rib had been fractured and it is indeed fortunate that her injuries were not even more serious.

All who are able to do so are asked to assemble in central park at an hour to be designated and all who do not feel able to walk that far will be called for at their home.

All veterans of the civil war whether members of Matt Starr post or not, who mean to be in the parade at the Fourth are urged to be requested to leave their names at the Journal office as soon as possible as it is especially desirable to ascertain how many will be on hand. Understand, no marching after assembling at central park.

S. W. Nichols, Commander, Matt Starr Post.
J. H. Rayhill, Acting Adjutant.

MORGAN COUNTY

Welcome Home Committee

Great Menu This.

The preparations for the soldiers dinner are going on apace, under the general direction of Edward Brennan as chairman of the special committee. As announced, it is to be a chicken dinner but that phrase is merely a matter of custom for the menu will include a dozen or more other good things and the committee will cater to the appetite and tastes of the whole soldier group. The original bill of fare includes fish as well as chicken, and now Mr. Brennan has included an ample supply of frog's legs. Certain it is that the dinner part of the day's program will be quite in keeping with the other generous arrangements for the day.

Subscriptions Coming In.

Chairman Frisch of the finance committee stated yesterday that a number of the county precincts have met their full quota and an accurate report will be given later. There are some precincts, however, which have not yet completed their subscription lists and the committee is hoping that the soliciting work can be done very soon and the full amount turned over to the committee.

Every dollar of all the allotments will be needed as the expenditures are necessary and actual if the county is to have a celebration worthy of the occasion. In order to secure the desired sum total it will be necessary for some of those who have made subscriptions to increase the amounts. Any subscribers who are willing to give further aid in this way are requested to

make their subscriptions at the office of Dr. G. H. Kopperl on the east side of the public square.

The committee on transportation is desirous of securing a number of cars to convey members of the G. A. R. and also for the use of a number of those who will march in the parade as far as Jacksonville State hospital, and who will be unable to walk the remaining distance to the park.

The services of these cars will not be required for more than an hour, and persons who are willing to help the patriotic cause in this way are asked to communicate with any one of the members of the following committee: F. J. Blackburn, chairman; Mrs. C. E. York, Mrs. H. F. Samuel, Charles M. Strawn, Carlton Hook.

FOR ALL SOLDIERS AND SAILORS

It has been impossible for the Committee to obtain a correct list of Morgan County's soldiers and sailors, and particularly is this so of those who enlisted outside of the County. Let it be understood that every soldier and sailor of the late war is invited to participate in the Welcome Home celebration, as the guest of the County. The Committee will thank anyone who knows of a soldier or sailor who has not been invited, to transmit the name to the General Chairman, but regardless of whether an invitation has been received by mail, all soldier and sailors are invited to assemble at Armory Hall by 10:30 o'clock a. m. July 4th.

A NATIONAL WINDOW

The large front window of the C. C. Phelps Dry Goods Co. presents a very attractive appearance. There is a profusion of flags, bunting, national colors, portraits of Washington and Lincoln, and a medley portrait of Roosevelt, combining some 500 pictures of that eminent man. A toy cannon, a rifle, bayonet, toy torpedo, other pictures, and a host of similar ar-

ticles are skillfully arrayed in the window and attract much attention.

Such a change in feelings at work!
After suffering pain, feeling nervous, dizzy, weak and dragged down by weaknesses of her sex, with eyes sunken, black circles under cheeks—such a woman quickly restored to health by the favorite Prescription of Dr. Pierce's Favorite Prescription. Literberry June 26.—There was a children's picnic held on the lawn of the Baptist church, one evening recently from 6 to 8 o'clock. The mothers had prepared a great quantity of chicken and ham sandwiches, pickles, salads, pie, cake and other good things to eat, and somebody had ordered five gallons of ice cream, and they sure had a feast, a fine time, and everybody was home before dark.

Canton, and Harry Ogle and Elmer Smith of Grace Chapel and made us a very pleasant visit. During the visit we enjoyed hearing some good singing, for these boys are all good singers, and they favored us with some quartettes, using the "King's Message" song book, which Rev. Mr. Yemm played the accompaniment on the Sterling organ.

Grandpa Luter and Landis Young went to Springfield Monday to be ready for the big parade on Tuesday.

W. W. Young, who has been ill from acute indigestion is about well, and is out at work, on the road.

Last week was cherry week in our town and the trees that were so beautiful with their ripe red fruit a week ago, look now, like the huns had been among them; but everybody got some cherries; for old and young, big and little people were all at work picking and canning. This week is raspberry week.

Mrs. W. E. Murray of Sunny Slope, Sweet Briar Avenue, was out Tuesday call on old friends.
